SUMMARY

B.Tech graduate experienced in building full-stack web applications using **React.js**, **Node.js**, **Express.js**, and **MongoDB**, with strong proficiency in **RESTful API integration**, **JWT authentication**, and **state management**. Driven by a passion for clean code and scalable engineering solutions.

PROJECTS

Portfolio Website

[GitHub](#) | [Live](#)

- Developed a modern and fully **responsive developer portfolio website** using **React.js**, **Vite**, and **Tailwind CSS** to showcase projects, skills, and technical experience.
- Implemented **reusable component-based architecture**, smooth navigation, dynamic project rendering, and optimized responsive layouts for desktop and mobile devices.
- Focused on delivering a **professional UI/UX experience** with scalable frontend structure, clean design principles, and modern frontend development practices.

ProjectSync

[GitHub](#) | [Live](#)

- Developed a fully responsive **Project Management Web App** using **React** and **Tailwind CSS**, focused on efficient project tracking and team collaboration.
- Implemented React concepts including **hooks**, reusable components, state management, and secure authentication features such as login, signup, and logout functionality.
- Added features like **task creation**, status updates, and dynamic filtering while designing a modular component structure to improve scalability, performance, and code maintainability.

Sphere - Real-Time Interview Platform

[GitHub](#) | [Live](#)

- Developing a full-stack **real-time interview platform** using the **MERN stack** with video calling, chat messaging, screen sharing, and interview recording features.
- Integrating a **VS Code-powered collaborative code editor** supporting **JavaScript**, **Python**, and **Java** with secure code execution and automated test-case evaluation.
- Implementing scalable backend architecture with **MongoDB**, secure one-on-one room management, and background job handling using **Inngest**.

SKILLS

Languages	C++, JavaScript
Frontend	React, Redux Toolkit, React Router, HTML5, CSS3, TailwindCSS
Backend	Node.js, Express.js, REST APIs, JWT
Databases	MongoDB, Mongoose, MySQL
Tools	Git, GitHub, Vite
Soft Skills	Time Management, Adaptability, Problem Solving, Team Work

EDUCATION

B.Tech, CSE	Netaji Subhas Institute of Technology, Patna	GPA: 7.75 / 10	2021 – 2025
Class 12th	Cambridge Public School, Patna		2020
Class 10th	Sharons Public School, Patna		2018

CERTIFICATIONS

C++ For C Programmers, Part A	Link
HTML, CSS, And Javascript For Web Developers	Link
